October 5, 2011

Dear Valued Customer:

## **Subject: Handling of Discontinued Replacement Products**

I would like to express my thanks for your royal patronage.

With regard to the following products, we informed you that the products would be discontinued at the end of July 2011; however, we have changed the handling period as follows.

Your continued support will be greatly appreciated.

Sincerely,

Munetaka Tomita  
General Manager of Sales Division  
Nissei Corporation

A type (position servo type), B type (position servo type with brake)

2. Production Leadtime

Until the end of December 2011: 1 week after receiving PO  
From January 2012 on: More than 1 month after receiving PO

3. Time limit for supplying replacement product

Scheduled on July 2018

We are scheduled to supply replacement products for 7 years after discontinuance, but this period may be shorter for reasons such as production stoppage of electric components.
